

Eyeota Import Integration

Eyeota, the global leader in audience data, and Treasure Data, the leading customer data platform to make all data connected, current, and easily accessible, have partnered to bring Eyeota's extensive audience data segments to more clients around the globe.

With the integration of Eyeota data into Treasure Data's customer data platform, brands can leverage the combined power of first- and third-party data to amplify their campaigns. As marketers and advertisers look to differentiate themselves and deliver personalized ads and content, innovative programmatic solutions will play a major role in their success.

Treasure Data and Eyeota Partner to Strengthen Data Offerings and Amplify Audience Targeting (Press Release)
